DIMENSIONS & WEIGHT:

Overall ~ 275mm W x 288mm H x 120mm D – Weight 7kg

INSTALLATION GUIDE:

1. May be subject to Australian Building Code Regulations for height/location fixing and/or subject to placement as per architectural drawings, which in all cases is the responsibility of the installer re compliance.
2. Unlock with key provided, locate and position to height on wall, mark using 4 internal fixing holes, ensuring unit is level & even. Measure/Check Twice ... Drill Once
3. Drill holes and loosely secure unit to wall surface using appropriate screws/wall plugs/anchors. In likely wash down environments, recommendation is to place Wet Area rated silicone around interface with wall to eliminate water ingress to fasteners.
4. Check level and tighten fasteners, then lock with key.

NOTE: Paper is not provided

These units should only be installed by a competent tradesperson and Metlam Australia takes no responsibility for any damage to walls or fixtures due to incorrect installation.
