Installation Guidelines Sheet

1. Using the Allen key provided, undo the 4 grub screws in **Handle 1**, this will release the handles.
2. Once the handles are separated, undo the 2 screws in **Handle 2**, leave one white plastic disc in place.

3. Insert **Handle 2** into the holes in the door. Return the screws into the handle, tighten and secure.
4. Attach **Handle 1** to **Handle 2** and re-insert the 4 grub screws into **Handle 1** and tighten until secure.
5. Test handle is secure to finish installation.

Note: Images shown are MLPH213 Series

This product is AS1428.1 compliant (accessible compliant) when installed in accordance with the guidelines.
